Cremation Figures.

Many people declare that they do not care what happens to their bodies when their final day has come. The remark is often made, "I am not particular about the disposition made of me," but statistics show that there is a great yearly increase in the number of cremations in this country. To propagate the cremation idea a society was organized some years ago and annual conventions are held. The meetings are fostered largely by those who advocate the plan because they consider it as having a large effect on public health, and by others who are interested in a business way as proprietors of cremation establishments. The records show that there are more than 10,000 cremations yearly now in the United States and the number increases steadily.

Co-operative Prices.

Co-operative prices as applied to meat and other provisions will be demonstrated as an educational feature at an outing and convention of farmers and city consumers of farm produce at Milwaukee. The demonstration has been fostered by the farmers equity society and the federated trades council of Milwaukee. In many instances there are too many costs between the producer and the consumer, but when the country producer and the city consumer get finally into close touch will be a development of years. The basis for such a condition—that is, for cutting out unnecessary middlemen—must be founded upon a genuine spirit of co-operation and this must be built up in a neighborhood and community way before it can be expected to permeate a city or a county. The people are coming constantly to a better understanding of the advantages of co-operative action but the day when all middlemen's profits are cut out is still far in the future.

Auditor's Office Important

The identity of the man who holds the office of auditor of Illinois is a matter of large importance to the taxpayer. It is a duty of the auditor to see that no warrants are issued for state money which have not been duly authorized. The business of the state is each year growing more complex and the methods of book-keeping and accounting which were once sufficient do not meet present day conditions.

If Andrew Russell is nominated and elected to this office the people will have a man in that office who is thoroughly competent to fill it. Mr.

HAPPY THOUGHT

Just think of it—September's near us. The summer days, that badly queer us, will soon be past and gone; we'll look outdoors some musing morn and see a film of frost adorning the orchard and the lawn. September's coming, bless her gizzard, and later on come snow and blizzard, down from the arctic pole; and you and I, too, will have to buckle down and labor, to raise the price of coal. Let winter come, with its oh gentle neighbor, oh gentle neighbor, roar and rumble! It seems to me I'll never grumble again at wintry blast; it seems to me I'll hail with gladness Old Boreas, whose mandarin madness has bored me in the past. The cold will be a welcome comer, for I have had my fill of summer, and dust and heat and flies, of torrid nights and scorching breezes, and prickly heat and punk diseases, and ants and brazen skies. September's coming, gentle reader, the heat, that long has been a leader, will soon be on wing; so let all sad and barking mortals cheer up, and fill the air with chorales, and smile and dance and sing.

FIRST BAPTIST CHURCH
HAS CALLED A PASTOR

Rev. A. A. Todd of St. Louis Expected To Take Charge of Church—Now Serving a Charge in St. Louis.

At a meeting of the congregation of First Baptist church held Wednesday evening it was voted unanimously to extend a call to the Rev. A. A. Todd of St. Louis. Rev. Mr. Todd preached here once during the summer and the congregation was well pleased with his work.

The new minister is a graduate of Shurtleff college and has been in charge of a church in St. Louis for the past six years. Prior to his St. Louis pastorate he had charge at Mt. Vernon and Pontiac.

Rev. Mr. Todd is married and has one daughter. It is expected that he will take up his work here about Sept. 1. The Baptist Association of Morgan and Scott counties will meet here Sept. 13, 14 and 15 and he will be here by that date to take part in the sessions.

Impure water causes disease. Drink Electro Water, 5 gallons, 20c.

Mrs. George R. Middleton of Brawley, California, is making a short visit in the city with relatives.

Russell's long experience in banking and business has given him a training which fits in perfectly with the demands of the office. In addition to these qualifications of efficiency there is the still higher qualification of integrity. To select him for the auditor's office will not be an experiment as he is a man of proven character and ability. The business of the auditor's office has always been important and is growing more so with each passing year.

Sunday Tries New Plan

Billy Sunday, now nationally known as a revivalist, will work along somewhat new lines in a revival which is to begin at Ocean Grove this week. The special meetings there, under the auspices of the campmeeting association, have long been famous. But it is expected that the advent of Mr. Sunday in this somewhat effete eastern community will give an added sum total of enthusiasm. Mr. Sunday's system has been thoroughly established in the past and the efficiency of his organization demonstrated. But he is to venture on somewhat new lines at Ocean Grove and will endeavor to crowd the customary revival success into two weeks instead of six. Critics of the evangelist will watch the result with special interest, and will possibly hope that the change in plan will be his undoing, and will regret if the Ocean Grove experiment results in a larger number of Sunday revivals than of shorter length.

To Honor John Hay

At Salem, Ind., Friday a memorial tablet will be unveiled to mark the birthplace of the late John Hay, secretary of state, ambassador to Great Britain and secretary and intimate friend of Abraham Lincoln. Notable speakers will be present and tribute will be paid to this, perhaps the most distinguished son of Indiana. The name of John Hay is indissolubly linked with statesmanship and he set the standard by which all this country's diplomats have since been measured. None have surpassed him, few have approached his greatness, and when times become perilous internationally, older residents, basing their thought upon intimate acquaintance with his work and younger citizens with the knowledge acquired from history, with one accord express the wish, "Oh, for a John Hay." Indiana does well to honor the memory of this man who wrought so nobly and so well for his country.

The Deutschland's Triumph

When the Deutschland came to this country, there will be some cheering, even in England for the captain of the Deutschland who has once more passed safely by the submarines, the mines, wire nets and various other bits of undersea paraphernalia which have been arrayed against him. The coming of the Deutschland to American shores was the greatest submarine achievement up to that date, and the safe return of the boat still higher. The British used every means they could summon to their aid to make the Deutschland's return impossible, and yet the German wonder escaped unscathed and today is safely at home.

There are not many who believe that merchant submarines will be built and operated until some effect on commerce is shown, but the coming and the going of the Deutschland points to the possibility of invention speedily rendering great battleships useless. Incidentally it is believed that the safe return of the submarine to Germany will serve to strengthen the friendly relations between the U. S. and Germany and lead to a better understanding in that country of the real attitude of U. S. citizens. Certainly Capt. Paul Koenig was received here with special honors and the U. S. sought to impress upon his mind that there is here a real and deep-seated desire to preserve the strictest neutrality, and a desire just as deep, that the warring nations may at no distant date find some common basis for settlement.

1917 Chautauqua?

It is up to the people of Jacksonville and surrounding territory whether or not there will be a chautauqua in 1917. It has been generally admitted that the management used excellent judgment this year in the selection of attractions and the wonder has been that so much could be given for so little. The directors announced that they believed it the course of wisdom to change the ticket price from \$1 to \$1.50 for next season. At this figure the price is much lower than is customary for such enterprises. Nevertheless it is reported that the sale of tickets thus far has not met the expectations or indicated the interest in the enterprise which certainly exists. There is only one way by which the directors can proceed to arrange for a 1917 chautauqua and that is when the people evidence their interest by subscribing for enough tickets to guarantee the cost of the enterprise.

This is not a matter in which the directors have any special interest other than their desire to contribute to the welfare of the community and to carry out the wishes of the people. The chautauqua here in a comparatively few years' time has grown to be a community enterprise, large and helpful in its influence. With the success of this year very plainly in evidence it is surprising that interest for 1917 lags. The time has now arrived when the people must show that either the interest or the lack of interest is actual. The question of a 1917 chautauqua is clearly up to the people.

"Acquainted With Grief."

When the life of Carl Joaquin went out so suddenly in the automobile accident Wednesday a great sorrow came to a home "acquainted

with grief." As a mere child the deceased was ill with typhoid fever and recovered. Not so with other members of the family and at dates within a few weeks of each other four children in that household answered the final summons.

Ever since those days of heart anguish Mr. and Mrs. Joaquin have been especially active in their work for others and in scores of homes they have given comfort and aid of the most practical kind when sickness and death have come. No night has been too dark, no other demand too pressing to keep them from these errands of mercy. They "cast their bread upon the waters" and now it is returning to them, for friends crowded their home yesterday anxious to be of service and to repay as best they could kindness shown them in the past.

For forty-eight years Mr. Joaquin has been employed in the Journal plant. Managements have changed, employes have come and gone, while he has remained at his post, faithfully measuring up to duty. During such a term of service lasting friendships have been formed and the sudden and great grief which has come into this man's life has touched a common chord of sympathy in the hearts of his daily associates.

The bride is the daughter of Mrs. Bertha Sparks of this city and the groom is a blacksmith operating a shop in Murrayville. The couple will reside here Mr. Wilson going to his work in Murrayville each day.

Anderson-Garnier

Miss Martha Anderson and Edward Garnier were married Wednesday morning at 9 o'clock at the residence of Mr. and Mrs. G. J. Dowell, of Franklin, the home of the bride. Rev. E. S. Vorbeck, pastor of the Franklin Methodist church officiated. About thirty guests and immediate relatives were present and the ceremony in all was a very pretty one. The house was tastefully decorated in flowers and other decorations. Miss Dorothea Sargent played the wedding march from Lohegrin, and during the ceremony she played in sympathetic manner, "A Perfect Day." The house was tastefully decorated in flowers.

Following the ceremony the young couple made ready to leave on the 10:54 o'clock train for Galesburg. They were met by a crowd of young people who had been waiting for them with a carriage, old shoes, rice and all that goes with a wedding. As the young people left for their trip they received a shower of rice along with the many congratulations.

After a western trip they will return to Beardstown where a home is in readiness.

Those present at the wedding were Mr. and Mrs. Robert Garnier of Centralia; Mrs. M. L. Anderson and daughter Beatrice and son Roland, Mr. and Mrs. Frank Miller and son Fred, Misses Kamille Wright, Lola Austin, Mary Wright, Dorothea Sargent, Paulina Harney, Loretta Bergschneider, Katherine Whalen, Alma Leake and Miss Lillian Groves of Jacksonville; Hal H. Roberts and Lawrence Seymour.

CONCORD STORE ROBBERED.

Robbers Take \$75 From Cass Blimling and Make Getaway.

The store of Cass Blimling at Concord was entered some time on Tuesday night by robbers and 14 pairs of shoes, one ladies' gold watch and other goods amounting to about \$75 or more was taken.

The robbers must have used a skeleton key to enter as the doors were still locked and no windows were broken. Bloodhounds from Alsey were brought out at noon, but had not made much headway owing to the fact that a good many people had visited the scene.

FUNERALS

Lewis

Funeral services for Charles B. Lewis were held from State street Presbyterian church Wednesday afternoon at 3 o'clock in charge of the Rev. A. B. Morey. Two favorite hymns were read by Dr. Morey. The flowers were cared for by Mrs. C. A. Catlin and Misses Mildred and Mary Brown. Interment was in Diamond Grove cemetery, the bearers being Jerry Cox, O. F. Buße, C. H. Russell, Fred Mollenbrock and James Stout. Mrs. W. W. Hatch and daughter of Goshen, Ind., were here to attend the funeral.

Ranson.

Funeral services for the late Charles W. Ranson were held from the residence, 1507 Mound avenue Wednesday morning at 9:30 o'clock in charge of the Rev. H. A. Sherman, assisted by the Rev. F. H. Madden. There was a large gathering of relatives and friends which showed the respect in which the deceased was held in the community. Music was furnished by a quartet composed of Mrs. Albert Richardson, Mrs. Herbert Mawson, John Lazenby and George Richardson. Interment was in Liberty cemetery, the bearers being L. R. Watson, E. H. Ranson, Fred Ranson, Clarence Ranson, Charles L. Ranson and William R. Ranson.

The gathering of friends and relatives was unusually large for Mr. Ranson was a man whose kindly spirit and conspicuous integrity had given a very wide circle of friends.

MORTUARY

Smart

Mrs. Malinda Smart died Wednesday morning at 8:15 o'clock at the home of her son, John Standley, of the Grace Chapel neighborhood. For the past two years Mrs. Smart has been in failing health and the end was by no means unexpected. The deceased was eighty-four years of age and had been a resident of Morgan county for the past sixty-eight years. She was born in Tennessee March 7, 1832, the daughter of Peter and Elizabeth Smith, and came to Illinois in 1838.

Malinda Smith was married to David Standley in 1854 and to them three children were born, two of whom preceded the mother in death. John Standley of Grace Chapel survives, as does one sister, Mrs. William Henderson of West Lafayette avenue of this city, and three brothers William Smith north of the city, James Smith of Berlin, and John Smith of Ucar, California.

Mr. Standley died a number of years ago and Mrs. Standley was later married to S. B. Smart, who passed away twenty-four years since. Mrs. Smart leaves a large number of friends throughout northern Morgan county and her death will be the signal of many expressions of deep sorrow.

Funeral services will be held Friday morning at 10 o'clock from the residence of John Standley, son of the deceased. Elder Baxter Hill of Arcadia will be in charge of the services and burial will be made in Moss cemetery.

Hasack

Word has been received in the city announcing the death of Mrs. Elizabeth Hasack of Santa Monica, Calif. Mrs. Hasack was formerly a resident of Morgan county, living here a number of years. She passed away Aug. 16 at the home of her son, O. T. Hasack of Santa Monica. She is survived by two sons, Clarence E. of Brownington, Mo., and Osway T. of Santa Monica, with whom she has made her home for the last three years. One brother, Thomas F. Douglas of this city, and one sister, Mrs. Belle Trome of Kumbolton Ohio survives, as do eight grandchildren and two great grandchildren.

Deceased moved from Ohio to Illinois in 1865 and lived in the southern part of the state for a time. Later she moved to Morgan county, near Jacksonville. Upon leaving here she went to Missouri, from there to Oklahoma, and finally to California where the death occurred. Burial was made in the Santa Monica cemetery.

SOCIAL EVENTS

Birthday Anniversary.

Mrs. L. B. Turner entertained a company of girls at her home 120 North Prairie street Wednesday morning in honor of her daughter Miss Helen Turner, the occasion being Miss Turner's thirteenth birthday anniversary. The function was a porch party and the time was spent in making clip shots of the summer vacations of the various guests. Mrs. Turner was assisted in entertaining by Mrs. Harry Stevenson of Little Indian and Mrs. Robert Henley. During the morning refreshments were served. Those present were: Mabel Rogers, Frances Griswold, Carol Lander, Dorothy Haigrove, Gay Stevenson, Little Indian, Irene Turner, Waverly and Helen Turner.

JUBILEE SINGERS PLEASE
LARGE AUDIENCE AT J. H. S.

High School Auditorium Well Filled
When Colored Troupe Appears
With Fine Negro Melodies.

The Williams Jubilee singers at the High School auditorium last evening attracted a large audience. They well deserved the generous applause that was given them and each member of the company possessed a splendid voice. The male quartet selections were especially pleasing, as was the solo and ensemble work. Mr. Williams possesses a personality on the stage that never fails to please. His old negro songs were especially well received.

This company, with the exception of Miss Boger traveled together for thirteen years. Miss Boger is temporarily engaged in filling Mrs. Williams' place. The management announced that they expected to book four such attractions as the Williams Jubilee singers during the winter. The program last evening consisted of songs from standard operas, popular songs, old plantation songs, solos and male quartet selections.

The Brotherhood of Mt. Emory church wishes to thank the friends who patronized the concert, and they feel satisfied that they presented a strictly high class entertainment. Many requests were received by the brotherhood to book this attraction for another time.

WOODSON WATERMELON PICNIC

The annual watermelon picnic held at Woodson yesterday was largely attended. A large quantity of burgoo soup was disposed of and the watermelons were of excellent quality. During the day a short athletic program was carried out and the various events created great interest among all present. The committee in charge was composed of John Baxter, T. M. Whitlock and J. W. McCallister. The picnic was a success in every way, the chautauqua somewhat cutting down the usual attendance, but nevertheless many attended and fully enjoyed the day.

ANNOUNCE SPEAKING TOURS. FOR MANY MEMBERS OF CONGRESS

Dates Run From Middle of September to the First Week in November.

Washington, Aug. 23.—Speaking tours for many senators and representatives in the Republican campaign in doubtful states were announced today by Representative Slomp, acting as chairman of the speaker's bureau of the Republican congressional committee. They run from the middle of September to the first week in November.

Senator Borah opening the campaign in New Jersey Sept. 14th, begins a tour covering 23 states. Senator Harding will speak in 18 states, Senator Cummins in 16 and Senators Gronna and Kenyon in eight states each. Senator Wadsworth will campaign two weeks in ten states. Senators Sterling, Norris, Weeks and Jones will speak in six states. Senator Curtis will speak in four and Senator Sherman will make a two weeks tour of three states. Other Senators, including Senators Lodge, Fall and Page, conducting campaigns in their own states will speak at odd times and places in adjoining states. Republican representatives will make tours ranging from one to five weeks under the plans of the congressional committee.

Representatives Kelly, Michigan, will speak in Ohio and Indiana. Representatives Fess, Ohio, will campaign in Indiana and Missouri. Representative Rodenberg, Illinois, will go to Nebraska and return through Missouri and Indiana. Representative Temple, Pennsylvania, will devote a week each to West Virginia, Ohio and Indiana. Representative Britten, Illinois, will speak in Montana and other western states. Representative Sweet, Iowa will discuss agricultural conditions with farmers in Missouri, and Indiana. Representative Dyer, Missouri, will take in Kentucky and Indiana.

Representatives Walsh, Massachusetts and Wood, Indiana, will speak in adjoining states.

WANTS LEGISLATION TO REGULATE PRIVATE BANKS

Chicago Aug. 23.—Fayette S. Munro, Republican candidate for Attorney General today sent letters to the three candidates for governor, Messrs. Smith, Hull and Lowden, urging them to help create public sentiment in their campaign speeches in favor of legislation to regulate private banks in Illinois.

STATES AUSTRIA WILL NOT QUIT

London, Aug. 23.—Reuter's Amsterdam correspondent forwards a dispatch received from Vienna outlining an interview purporting to have been given by the Vienna Neue Freie Presse by Frederic Cortland, the American ambassador to Austria-Hungary. The ambassador is quoted as having said he was convinced that Austria-Hungary would survive the test of the war without loss of territory.

TO ACT CONCERNING PRINT PAPER SITUATION

Raleigh, N. C., Aug. 23.—All newspaper publications in North Carolina were invited tonight by Edward E. Britton, president of the state press association to attend a meeting of that organization to be held at Greensboro, Aug. 29th, to take action concerning the increase in prices and the shortage of newsprint paper.

DEFEAT WOODMEN OF WORLD.

Cleveland, O., Aug. 23.—In a contest which saw the members of the Third national fraternal congress of America divided today in bitter strife the forces of the Woodmen of the World, which had petitioned for re-admission to the congress were defeated.

The Woodmen petition was rejected 184 to 142. The Woodmen of the World left the congress two years ago because of disagreement with the legislative policy of the congress.

EMIL HERTER DIES

Orange, N. J., Aug. 23.—Emil Herter, for thirty years Thomas A. Edison's chief mechanical engineer in the laboratory at West Orange plant, who had worked on many of Edison's important inventions, died here today. He was 59 years old and a member of the American Society of Mechanical Engineers.

REPORT ELEVEN DEATHS

Philadelphia, Aug. 23.—Eleven deaths and sixteen cases of infantile paralysis were reported in Philadelphia today making the total deaths since July 1st., here 197 and the cases 352.

The total number of cases in the entire state since July 1st, is 567, of which 145 were fatal.

STARTS LONG TRIP ON SYNCOATED YACHT

Chicago Aug. 23.—Believing that ragtime is the royal road to good health, A. A. Atwood, wealthy automobile manufacturer, has started on a long cruise on a syncoated yacht. A pipe organ has been installed on the yacht and a ragtime orchestra will teach the waves how to dance. Mr. Atwood will sail through the Great Lakes and Welland Canal to the Atlantic Ocean and then down the east coast.

WILL DISCUSS BORDER PROBLEMS DURING FIRST WEEK IN SEPTEMBER

Washington Aug. 23.—Secretary Lansing and Eliseo Arredondo, Mexican ambassador designate tentatively agreed that the joint commission to discuss border problems should meet at some place on the New England coast during the first week in September. Brig. Gen. Pershing transmitted a report saying the general opinion was that "Villa's prestige is gone and he can never again become a serious factor in Mexican affairs."

Supporting General Funston's recommendation for the withdrawal of the expeditionary force it is believed General Pershing's report makes it certain that the American commissioners will promptly agree to the suggestions of their Mexican conferees for the early recall of the troops.

PROHIBITIONISTS TO MAKE ACTIVE CAMPAIGN

Will Be Nationwide in Extent and Leaders Believe Organization Will Be Important Election Factor.

Chicago, Ill., Aug. 23.—The active leaders of the Prohibition party are completing the final arrangements for a campaign that is expected to demonstrate to the people of the entire country that the party with the camel as its insignia is henceforth to be reckoned with as a factor in national and state politics. The campaign will be nationwide in its scope and will be conducted along lines that the experience of the older parties has shown to be most conducive to success at the polls. Tons of campaign literature will be scattered from the Atlantic to the Pacific and a corps of 100,000 speakers will penetrate to every nook and corner of the land.

With funds already subscribed the campaign leaders plan to operate a special presidential train through "strategic" territory. There will be intensive campaigning in Michigan, Illinois, Ohio and Indiana. special movements are also being prepared in Montana, Idaho, Missouri, California, Nebraska and South Dakota. In which constitutional prohibition amendments are pending. In Washington, Oregon and Arkansas the Prohibitionists will be especially alert, as in these states the liquor interests are attempting, through referendum elections, to break down the regulatory or prohibitory laws. The problem is to hold territory already gained and add new.

The efforts of the Prohibitionists, according to a statement of Virgil C. Hinshaw of this city, the national chairman, will be distributed generously among issues, state and national, as an effort will be made to encourage the candidacies of Prohibitionists ambitious to enter congress.

The Prohibitionists realize that there exists among men voters a very large and influential body of independents. Previous invitations to the Progressives as a unit came to nothing, but as Progressive ideas are apparently in the line of social reform promised by the Prohibitionists it is argued that Progressives could be legitimately asked to join hands with the party now led by J. Frank Hanley and Dr. Ira Landrith.

In the opinion of the party leaders the Prohibitionists enter the campaign this year under peculiarly promising conditions. There is, first, a general sentiment in favor of regulation—if not destruction—of the whole liquor traffic. Second, there are movements in several states looking toward prohibition. Third, an enormous increase in the number of women voters inspires the hope that the Prohibitionists can attract a considerable body. The effort to attract the votes of the women is made in the belief that women generally are inclined to support temperance or prohibition regardless of other political persuasions.

Financial prospects, moreover, are extremely encouraging. Gratiifying progress already is being made in the efforts to raise a campaign fund of a quarter of a million dollars or more. The managers realize that it costs a tremendous amount of money to run a national campaign, but they are confident sufficient funds will be forthcoming to carry out their plans. These plans call for the maintenance in this city until election day of an extensive publicity office, from which campaign arguments will be sent. This office will also operate as headquarters for 1,000 or more workers throughout the national field.

HOME FROM THE EAST.

James Shields is here from Baltimore, Md., for a visit at the home of his parents, Mr. and Mrs. John Shields, of East Lafayette avenue. This is his first visit to Jacksonville in four years. Mr. Shields is a machinist by trade and has of recent months been employed by firms which have large war contracts.

Miss Margaret Price, who has been visiting her uncle, Will Turley, has returned to Chicago in response to a telegram asking her to join a party of old friends for a two weeks' stay at Yellowstone Park. Miss Grace Oakes, who has been visiting in St. Louis, has also joined this party of tourists.

Sister M. Felicia, sister superior of Our Savior hospital has returned to her work here after spending a number of weeks at the Mother House in Notre Dame.

Mr. and Mrs. Clyde Fanning of Murrayville, were chautauqua visitors yesterday. Mrs. Fanning has recently recovered from an attack of typhoid fever.

CARL JOAQUIN MET DEATH IN AUTO ACCIDENT

CRUSHED BENEATH OVERTURN-
ED CAR IN HARDIN AVE. ROAD

Mrs. H. R. Hart Driving the Car Lost
Control as Crest of Hill was Reached—
Exact Cause of Accident is
Uncertain—Young Man's Relatives
Prostrated by Sudden Catastrophe.

J. Carl Joaquin was instantly killed
Wednesday morning about 11:30
o'clock when the car of Harry Hart
in which he was riding to the chautau-
qua grounds turned turtle in Har-
din avenue in South Jacksonville.
Mrs. Hart who was driving the car
is at Our Savior's hospital suffering
from severe bruises and nervous
shock.

The accident occurred at the crest
of the first hill in Hardin avenue.
Mrs. Hart who is camping at the
chautauqua had come to town for
supplies. Mr. Joaquin has been em-
ployed taking tickets at the chautau-
qua. He was on his way to the
grounds and Mrs. Hart probably of-
fered to take him out.

Mrs. Hart Tells of Accident

The exact cause of the accident
probably will never be known. Mrs.
Hart was suffering so from shock
just after the accident occurred that
she constantly blamed herself for
the death of Mr. Joaquin.

Late Wednesday afternoon Mr.
Hart visited her at the hospital and
she told him what she knew of the
accident. According to Mrs. Hart she
was driving the car at ordinary speed
and had slightly increased the speed,
as is usual in such cases, in order to
make the hill without changing
gears.

Just as she got nearly to the crest
of the hill she took her foot off the
throttle as she thought she had
enough speed to let the car coast to
the top. Just as the car reached the
top it suddenly swerved and she lost
control of it. Then she remembered
nothing more as the car overturned.
She said that she did not hear Mr.
Joaquin utter a sound.

Mrs. G. B. Andre a Witness

The nearest person to the accident
was Mrs. G. B. Andre, who was re-
turning from the park and the first
she saw of the accident was the Hart
car turning over. She said it turned
over several times. Mrs. Hart was
thrown clear of the car and Mr. Joa-
quin was pinned underneath the
wreck.

Mrs. Andre stopped her car and
Mrs. Hart was placed in it and
brought to the city. She was first
taken to Mr. Hart's store in East
State street and later to Our Savior's
hospital. Mr. Joaquin was brought
in the Jacksonville Farm Supply
truck and taken to Passavant hospi-
tal.

When Mr. Joaquin reached Passav-
ant Drs. Cole and Reid were there
on other cases. Dr. Norris had been
summoned to the scene of the acci-
dent but both had been removed be-
fore he arrived. Drs. Cole and Reid
examined Mr. Joaquin and found life
was extinct. Dr. Norris arrived at Pas-
savant a few minutes afterward and
when he learned that Mr. Joaquin
was dead immediately hurried to Our
Savior's hospital to attend Mrs. Hart.

No examination has been made of
the nature of Mr. Joaquin's injuries.
However, there is a bad fracture of
the skull and it is thought the neck
was broken. However, nothing defi-
nite will be known until after the
inquest.

Car Badly Damaged

The car, which is a Ford, was badly
damaged when it overturned. The
hood was demolished and the left
front wheel and the right hind wheel
were also wrecked and the top broken.
The steering gear which was at
first thought to have been the cause
of the accident was not injured.

In talking with a Journal reporter
Mr. Hart said that the tire on the
left front wheel had gone down Wed-
nesday morning and that he had re-
paired it. He is of the opinion that a
blowout might have occurred on
that wheel. If it did it probably
would have caused the car to swerve
thus causing the driver to lose con-
trol of it.

Wheeler and Sorrells went to the
scene of the accident and towed the
car to their garage. The steering
gear was used to guide the car but
it was necessary to put a new wheel
on the front of the car.

John N. Joaquin, father of the
dead man has for many years been
an employee of the Journal office. He
was apprised of the death of his son
over the telephone about 12 o'clock.

When he received the news Mr.
Joaquin apparently took the matter
with a great deal of courage. How-
ever, when he got up from the tele-
phone and started to the work shop
in the rear of the office he collapsed.
Drs. Black and King were summoned
and restoratives were used. It was
some time before Mr. Joaquin rallied
sufficiently to be taken to his home.

Mrs. J. Carl Joaquin, who is em-
ployed at the Emporium had gone to
lunch with Miss Sue Sage, another
employee of the store. She was re-
turning to the store when Bernard
Gause told of her husband's death in
front of the Pacific hotel. It was a
terrible shock to her but she bore
the dreadful news bravely. C. N.
Priest who was nearby at the time
took her to her home in his car.

OLD JACKSONVILLE

Morgan County Towns

By Ensley Moore.

Member Illinois State Historical Society.

Morgan County Towns
Everything has its history; that of
some things is more interesting than
that of some others. Perhaps few
persons think much about the found-
ing of the towns in which they were
born or live. And yet there are great
"stories" as the newspaper men say,
now-a-days, about every city or town.
It is not proposed in this article to
go deeply into the beginnings of the
towns or villages in this county. Only
to refer briefly to them. It is also
to be remembered that the municipi-
ties of Cass and Scott, which
were laid out before 1837, belong in
the early history of Morgan county.

It should be said, here, that Mor-
gan county was set off in 1823, from
Greene, as it had been from Mad-
ison, and Madison from St. Clair; so
we are in straight descent from the
beginning of things in Illinois.

Sufficient has already been said in
this series of papers as to Jackson-
ville, and it need only be said, in re-
minder, that it was laid off, and con-
stituted the county seat, in 1825.
This makes it one of the oldest plac-
es in the state, since the latter was
admitted into the union. Of course,
Kaskaskia, Cahokia and Shawnee-
town were much older.

Lost Towns

In the days when settlements are
being made in new regions various
reasons lead to the attempts to place
new towns, very often with the hope
that they will be cities. Alton had
about as good an outlook as St.
Louis at one time. A man decided
that Naples offered more than Chi-
cago, about 1835, and St. Louis led
Chicago until after the Civil War
began. Many towns, now valuable
as corn fields, were staked out, and
given great names. Illiopolis, it
was hoped, would be the capital of
Illinois, and it is near the capital.
So Morgan had its towns which
were scarcely born, and others that
"have had their day." Still there
is much of value and interest at-
taching to the villages and post of-
fices that have disappeared.

Geneva

Geneva was one of these, and it
was on the state road to Naples,
about seven and a half miles west—
ear Adam Allinson's. Peck's Cas-
ette, of 1834, alludes to it. Perhaps
its greatest note is that Brigham
Young of Utah—once lived in, or
near it.

Morgan City

Morgan City was laid off May 24,
1839, by Charles Collins and Myron
Leslie. It was intended by its or-
iginators, to be the county seat of
Morgan county, but failed in this,
and does no business.

It probably expected to "draw" the
seat of justice by its railroad. There
were two large, two story houses
put up and it had a large, and really
fine depot. Cars ran thru it for
convenience in handling freight.
Mercedosa and Morgan City had the
two finest depots in the state, as they
were on the "Northern Cross rail-
road," and there were no others in
the state.

Lynnville

Lynnville was laid off Nov. 3,
1831 by Nimrod Funk and James
Holmes. It was near the "English
settlement," and has had quite a
good business.

Franklin

Franklin was laid off April 7,
1832, for Wm. Woods, John Wyatt
and Walter Butler. It has grown
and developed into a good sized
place. The Jacksonville South East-
ern railway was a decided help to it.

Mercedosa

Mercedosa was laid off Dec. 26,

Arrangements for Supper at Park

During the Chautauqua Mr. Joa-
quin has been employed as one of
the ticket takers at the park. He
was at home shortly before the acci-
dent and ate his dinner. At that
time he told his mother to prepare
a good lunch. It was the intention
to have a family supper at the park.
Mrs. Joaquin was in the midst of
preparations for the supper when
the news reached her of her son's
death. She was prostrated by the
news but was reported as rallying
last evening.

J. Carl Joaquin was the son of Mr.
and Mrs. John N. Joaquin and was
born in this city March 31, 1881 and
all his life had been spent here. He
learned the tailors trade and had
been a valued employee of the Jack-
sonville Tailoring company since its
organization ten years ago.

He was united in marriage thir-
teen years ago to Miss Rena Runkle
of this city who with one son sur-
vives. He is also survived by his
parents and three brothers, Joseph
of St. Louis, Uaul and Elmer of this
city and one sister Mrs. Guy Lynn
of this city.

Carl Joaquin was a young man
well liked in the community. He
won and held many friendships and
was known as one who could be
trusted at all times. He was a mem-
ber of Central Christian church and
also a member of the Modern Wood-
men. He took an active part in the
work of that organization and had
held responsible offices in Camp No.
912 with which he was affiliated.

The deceased was especially well
liked because of his congenial spirit
and his marked integrity. One who
had known him nearly all of his
life said yesterday that he had never
heard an unkind word spoken about

1832, for Thos. T. January, who
afterwards went to St. Louis and
made his home. As it at first divid-
ed the honor of being a principal port
of entry for Morgan county, with Na-
ples and Beardstown, it was a very
important place. This was added to
in 1838 when the "Northern Cross"
made it the first railroad town in
the state. It has done a large busi-
ness which it still maintains. The
town has had quite a "boom" of
late.

Bethel

Bethel was laid off for Samuel
and Catherine Whitely, and recorded
April 8, 1833. It has been a place of
good business.

Waverly

Waverly was laid out May 1836,
by C. J. Salter, with Jas. D. B. Sal-
ter, Alexander C. Twining and J. A.
Tanner. It is the second town of
this county in size and on the "Bur-
lington" and the C. P. & St. L. rail-
roads.

Concord

Concord was laid off by Davis Ful-
ler, June 1, 1852, and is a growing
place on the "Burlington Route."

Alexander

Alexander was surveyed for Ed-
ward S. Hinrichsen, Feb. 13, 1857.
It is a growing place.

Sinclair

Sinclair was laid off by Samuel
Sinclair, Nov. 9, 1857. It does con-
siderable shipping, it being on the
Chicago & Alton railroad.

Yatesville

Yatesville was laid off by Joseph
Hayes and J. R. Bennett, July 16,
1857.

Prentice

Prentice was surveyed for Patter-
son Hall and Jas. G. Fox and brother
June 27, 1857, and does consid-
erable business. It is also on the Chi-
cago & Alton railroad.

Murrayville

Murrayville was laid off by Sam-
uel Murray, Jan. 4, 1858. Being
on the "Alton" road and the western
end of the "Cut-off" it has grown
into a good sized place.

Chapin

Chapin was laid off by Lyman and
Capt. Horace Chapin, April 13, 1858.
Being at the crossing of the Burlin-
ton and of the Wabash, it had a
favorable situation, and has grown,
especially of late. It suggests that
Collins and Leslie were not so far
off as to where a town ought to be.

Neeleyville

Neeleyville was laid off by the
Neeleyville Coal Co., April 20, 1865.
As this implies it has developed
"black diamonds."

Literberry

Jonas Liter laid this place off
May 22, 1869, when the Peoria, Pek-
in and Jacksonville railroad, now the
C. P. & St. L., came down there.

Nortonville

Nortonville, in the south east part
of the county, was surveyed by Geo.
W. Riley, April 13, 1893, and the
plat signed by the owners, Chas. S.,
and Sarah M. Norton, April 17, 1893,
and the plat recorded April 28, 1893.
It has developed in size, and is doing
the same in business.

Arcadia

Arcadia was laid in 1829, being
first called New Lexington, supposed-
ly by the Rev. Samuel Bristow, an
early Baptist preacher. It has had
a good business and interesting his-
tory.

Other Early Places

There were probably several other
towns platted in Morgan, which
never grew and developed.

It is a little singular that so many
of our towns were laid off in the
months of April, May and June.

him. The relations between the
young man and his father and moth-
er were especially close and with
such a loss coming so suddenly it is
surprising that they can show such
strength and courage and the sym-
pathy of the community will go out
to them as well as to the other relatives.

Coroner Wright was notified of
Joaquin's death and had the body
removed to the undertaking parlors.
A jury was empaneled composed of
E. H. Williams, Albert Renner, Charles
Rataichak, Keith Montgomery
and J. Earl Vasconcellos and will
meet at 9:30 o'clock this morning to
take testimony in the case.

REPLEVIN SUITS IN

JUSTICE COONS' COURT

The case of Rook vs. Flynn was
heard before Justice Coons Wednes-
day. The case occupied the entire
day and will be continued today. The
case involves the ownership of two
calves. Rook claims that he pastured
some calves in a pasture belonging
to a man named Birdsall. When
Rook went to get the herd he alleges
that two calves were missing and
that they were in a pasture belong-
ing to Flynn.

Most of the day was spent in se-
curing witnesses. Rook was repre-
sented by Hugh Green and W. T.
Wilson represented Flynn. The jury
hearing the case was composed of
S. W. Ingalls, G. B. Rawlings, R.
Hawk, J. E. Rawlings, M. O. Mat-
thews and Elmer Cully.

PUBLIC SERVICE CO TO BUILD SUB STATION NEAR ROODHOUSE

Gregory Farm Show Herd Taken to
Iowa—Plan to Paint Gep in Mig
Four Trail.

White Hall, Ills., Aug. 23.—The
Central Illinois Public Service Com-
pany is to build a sub-station and
residence just north of the interlock-
ing plant at West Roodhouse. The
sub-station is to be used in con-
nection with the new transmission line
that is being built from the main
power plant at Kincaid to the pro-
posed new sub-station, and this ar-
rangement will practically obviate
further trouble in the matter of
poor service from failures of the
electric current, as under the pres-
ent arrangement only the lines from
Keokuk can be depended upon. The
proposed new residence will ac-
commodate the attendant at the sub-
station. Ground has already been
laid off for the sub-station north
of the interlocking tower and east
of the Burlington track. The contract
for the structures has been let to
Frank L. Grant of White Hall.

The Gregory Farm Show herd of
Percheron horses left on Tuesday
for Des Moines, Iowa, where they
will be exhibited at the Iowa State
Fair on the first lap of the state
fair circuit. There are fourteen
head in the herd and they were shipped
by express, being loaded in a
special palace stock car and picked
up by C. & A. passenger No. 32 at
11 o'clock a. m., Tuesday for Peoria
and via the Rock Island to Des
Moines.

Mrs. R. C. Boehm spent Tuesday
in St. Louis. W. A. Boehm was up
from St. Louis last week on his first
visit in four years.

R. A. Rigg and family arrived
from St. Louis Saturday, and Mr.
Rigg returned Tuesday. The family
will remain for some time.

Mrs. Nora Bartholomew returned
from Springfield Tuesday. Her sis-
ter, Miss Ida Kendall, underwent an
operation for ulcer in the Springfield
hospital Tuesday morning, and is
doing well.

H. C. Wilhite, Richard Ford and
Harry Knudsen were Greenfield vis-
itors in the city Tuesday, all on var-
ious business missions.

The fish fry at Oak Dale church
Saturday was quite a success. The
church took in over \$100 from the
dinner. The principal speaker of the
afternoon was Judge J. C. Bowman
of Carrollton, and he was heard by
a large gathering.

At a conference in White Hall
Tuesday, arrangements were perfect-
ed for painting the gap in the Big
Four Trail between Greenfield and
Montezuma, and thus completing
the marking of the trail between
Terre Haute and Kansas City. This
portion of the trail has remained
unmarked since the organization of
the trail last summer, owing to the
difference between Division President

Ruckel of White Hall and General
President Lumpkin of Mattoon.
Dr. Lumpkin has agreed to bury the
hatchet on condition of the trail
markings being completed, and the
work will now proceed. The com-
pletion of the trail will be followed
by a monster good roads picnic at
Glasgow early in September.

The proposition of changing the
route of the Burlington Way between
Rushville and Fort Madison will be
considered at a meeting to be held at
Carthage on August 29th. Lack of
interest on part of the towns as at
present constitute the route has
caused an energetic effort to be put
forth to change the trail via Keokuk
from Rushville to Fort Madison
which action would add to the pic-
turesqueness and good travel along
that section of the Burlington Way.
A meeting of the executive committee
of the Burlington Way will be held
in the office of President Weber at
Jacksonville on August 28th.

GREENE COUNTY FARM SOLD TO ST. LOUIS MAN AT GOOD PRICE

Fair Will be Held at Carrollton Oct.
2 to 6—Wealthy Farmer a Su-
icide.

Carrollton, Ill., Aug. 23.—Frank
L. Knight has sold his farm of 131
acres near White Hall to the Nie-
dringhaus Bros. of St. Louis for
\$30,000.

The caving in of one of the cement
walls in Carrollton's famous springs
during the heavy rains will cost the
city \$1500 to clear out the old wall
and build a new one.

Secretary S. E. Climpson has had
printed and is distributing 4,000
premium lists for the annual Greene
County Fair to be held Oct. 2 to 6.

Ernest Tillery, an enterprising
young man from Woodville, recently
took George Hubbard's Ford car
from the court house square and
drove it to Eldridge, a distance of
twelve miles and took his best girl
out riding and for this he is now
slumbering in the county jail, which
is another interference with personal
liberty.

William O'Connor, a civil war vet-
eran 76 years old, answered the last
roll call on Saturday last, and his
mortal remains were laid to rest in
St. John's cemetery Monday. He
was drawing \$30 a month from the
U. S. government.

The doctors in this county are get-
ting up petitions to the board of
supervisors to have erected a hospi-
tal for tubercular patients.

George Morrison, a wealthy farmer
residing near Fieldon in Jersey coun-
ty committed suicide Monday morn-
ing last by shooting himself on ac-
count of poor health. He leaves a
wife and four children, and a large
estate.

Ellsworth Black of Jacksonville
spent Sunday here at the home of
Mr. and Mrs. Price Linder.

WEL WANNER OF NATIONAL AMATEUR CHAMPIONSHIP

Troeh: Makes Perfect Score in Shoot-off to Determine Winner of Tie of Mount City Overture in Which Four Shooters Tied Tuesday.

St. Louis, Mo., Aug. 23.—Allen Heil of Allentown, Pa., won the National Amateur Doubles championship of the United States today breaking 89 targets at the Interstate association tournament here.

Frank Troeh, of Vancouver, Wash., made a perfect score in the shoot-off to determine the winner of the Mount City overture in which four shooters tied yesterday. Mark Arle, of Thomasboro, Ill., took second with 19. W. S. Hoon of Jewell, Iowa, and R. A. King, of Delta, Colo., tied for third with 18. In the record shoot-off King won by breaking 20 straight while Hoon got only 16.

In a professional event Homer Clark of Alton, Ill., and H. D. Gibbs of St. Louis, each broke 99.

In a special 10 target professional match H. D. Gibbs and R. O. Heicks of Dayton, Ohio, winner of the first Grand American handicap tied with 96.

In a special event for women, Mrs. H. Almer of Chicago got the trophy, although Mrs. L. G. Vogel of Detroit, made a better score. The rules are that one woman cannot win two trophies.

MABEL TRASK AND ST. FRISCO FURNISH THRILLS AT CLEVELAND

Mare Piloted By Cox Defeats Stallion Driven By Veteran Geers—Other Races Interesting.

Cleveland, O., Aug. 23.—Mabel Trask and St. Frisco in the Western Reserve 2:08 trot furnished the thrills today at the North Randall Grand Circuit meeting. The mare, piloted by Cox, and the stallion, driven by the veteran, Pop Geers, raced neck and neck thru the entire course in all heats, the Trask mare getting the first two heats and the race. The second heat was stepped in 2:04, remarkably fast time considering the high wind.

Miss Perfection the favorite in the 2:11 trot, after getting off to a bad start and finishing sixth in the first heat stepped off in the next two and won handily over Hazel Laing which had won the first race.

Young Todd had things all his own way in the 2:15 pace, altho Spring Maid, the favorite, made him step out in the first heat.

General Todd showed a clean pair of heels to his competitors in the 2:07 pace, winning in straight heats. Altwood, the favorite failed even to get within the money.

INTERESTING SPORT NOTES

Cincinnati, O.—"I believe that Zimmerman, if he is traded will go to some team in the East," Manager Mathewson said, after his cash offer for the Chicago third baseman had been refused by Manager Tinker, of the Cubs. "This is due to the fact that none of the Western teams has any trading material to offer in exchange for Zimmerman, while the seaboard clubs seems to be overflowing with surplus talent. I know that the Chicago people will not consider a strictly cash offer for Zimmerman, as I made one, and they would not give me any encouragement. I wanted to secure Zimmerman, as it would have bolstered up the team in one of two places where we are weak. In his playing ability Zimmerman can not touch the little third sacker that we have here right now. Heinie Groh is the more consistent ball player of the two, and if we had secured Zim, he would not have displaced Groh by any means. Zimmerman batted 340 one season, but has not come any where near that for some time. But there is an idea that because he once batted around that figure he might do it again with a change of scenery."

Latonia, Ky.—Of the 500 or more foreign thoroughbreds that are racing on American tracks this year, there are only three foreign born horses, two French and one English, that have attracted general attention by winning one or more valuable American stake races. They are Emil Herz's eight year old Short Grass, Oscar Lewisohn's five year old Boots and R. J. McKenzie's three year old Faux. Col. Short Grass has displaced Andrew Miller's Roamer, champion of the aged division last year and has more than \$10,000 to his credit thus far this year, while Roamer has not yet won a place on the list of the thirty leading money winners of the year. Boots is tenth on the list, winning three out of the last four starts and \$8,000. Faux Col won one of the Canadian Derbies and one other race, which puts nearly \$6,000 to the credit of his owner.

Three Latonia horses occupy the first three leading positions. Weber & Ward's Dodge, winner of the Latonia and American Derbies, heads the list, with more than \$20,000 in winnings.

Omaha—The greatest galaxy of half mile light harness racers, trotters and pacers ever assembled in the Western country is promised for the Omaha Driving club's initial Great Western circuit meeting, starting Aug. 22.

The late closing purses are all well filled for the meeting here, with the exception of the 2:25 pace and the 2:30 trot.

The 2:14 trotting class on opening day for the Grain Exchange purse of \$1,000 is one of the feature cards of the week according to Otis M. Smith, secretary of the Driving club.

The free-for-all pacing class, the feature event of the closing card, will bring together the greatest field of side-wheelers ever turned on the half mile oval. Among others entered are Lillian T, 2:02 1-4, Sadie Densmore, 2:02, Braden Direct, 2:21 1-4, Single G, 2:00 1-4, College Gent 2:08 1-4, Knight of Strathmore, 2:04, Major Ong, 2:04 1-4, Hal McKinney, 2:04.

Several of these horses are also entered in the 2:09 pacing class on the second day.

There will be at least fifteen starters in the 2:14 trot, and will include some of the best in the west.

Detroit—"Tub" Spencer, the catcher recently obtained by Detroit from the Vernon club of the Pacific Coast league, was a major leaguer when many of the present stars were schoolboys. Spencer was with St. Louis a decade ago. Failure to keep in condition was responsible for his release. He is said to be in good was successful.

Omaha—The Omaha Gun club has been affiliated with the American Trappers association, the national body of the sport according to word received by Frank Ellison, secretary of the local club.

Affiliation with the national body permits the local club to hold shoots for the proficiency medals awarded by the A. A. T. A. for averages of 75 per cent or over.

THE TRAINMEN'S SIDE

IN A NUTSHELL

A publication issued by the Transportation Brotherhoods from their Cleveland office, appears the following digest of the trainmen's side of the big question now up for settlement:

"Railroad officials lay much stress on the statement, that 18 per cent of all railroad employees now receive 25 per cent of the total wages paid.

This claim means nothing whatever, because it fails to take into consideration the years of preparation for the job and the fact that the line between life and death is so thin that when a train employee leaves on his run he is never sure when he will return.

"The annual report of the interstate commerce commission shows that a trainman is killed on an average of every 4 hours and 40 minutes, and a man is crippled every 3 minutes and 30 seconds. And this does not tell all the story, because if a man does not die from his injuries within 24 hours he is not reported to the commission as killed, and unless the injury disables him for three days he is not counted as injured.

"Out of every 100 men who start work as firemen, only 17 ever become engineers; out of every 100 who do become engineers only six become passenger engineers.

"The average length of service is eleven and a half years.

"Train service employees are picked men in every sense of the word. Few realize the rigid physical examination they are required to pass and which is more severe than the United States government requires for enlistment in the army and navy.

"Physical examinations are repeated every two or three years.

"Eyesight, hearing, color perception, heart action and blood pressure are all scrutinized closely.

"Altho the United States government prohibits by law the continuous employment of a train employee more than 16 hours, it is worthy of note that in 1915 there were 78,940 violations reported by the railroads themselves.

"Under the rates of pay now received by the men, they must work from 12 to 20 hours in order to earn enough to be on a par with wage earners in other trades.

"What a man receives per hour is the only proper basis for discussing wages. The following tables show the prevailing wages received per hour by freight crews, as compared to organized trades:

Locomotive engineers 48 1-2c
Bricklayers, plasterers, etc. 75c
Locomotive firemen 31c
Carpenters, painters, etc. 70c
Freight conductors 40c
Laborers in tunnels wells etc. 57 1-2c
Freight brakemen 26.7c
Excavating laborers 40c

"Are these high wages when you consider the responsibility and skill required or freight trainmen?

"Excessive hours and terrific strain shatters the health and shortens the lives of these men.

"The employees are not asking for more pay, only that their working hours be made less.

"They desire relief from the present arduous working conditions so that their time at home will be lengthened and their chance of relaxation improved."

Escape TOOTH Troubles

—by keeping your teeth REALLY CLEAN.

"But," you say, "I brush my teeth regularly, yet they decay." Yes, you brush them, but do you REALLY CLEAN them? Tonight, after brushing your teeth, examine them closely. You will likely find an accumulation of tartar on the enamel and bits of food deposit hiding in the crevices.

Decay, as well as the dangerous gum disease called Pyorrhea, usually develops only in the mouth where germ-laden tartar is present.

SENRECO, the formula of a dental specialist, keeps the teeth REALLY CLEAN. It embodies specially prepared soluble granules unusually effective in cleaning away food deposits. Moreover, it is particularly destructive to the germ of Pyorrhea.

Go to your dealer today and get a tube of Senreco—keep your teeth REALLY CLEAN and protect yourself against Pyorrhea and decay. Send 4c to Senreco, 304 Walnut St., Cincinnati, Ohio, for liberal-sized trial package.

CHAUTAUQUA SPEAKER BRINGS
MESSAGE FROM EASTERN
KENTUCKY.

Good Roads Address Wednesday Afternoon by Member of State Highway Department—Mrs. Maude Ballington Booth Today—The Hruby Orchestra.

PROGRAM FOR TODAY.

Thursday, Aug. 24.

Afternoon.

2:00 Hruby Bohemian Orchestra.
2:45 Lecture—Mrs. Maude Ballington Booth (The Little Mother).

Evening.

7:45 Grand Concert Hruby Orchestra.
Moving Pictures—T. S. Scott.

Another feast of good things is offered for today at the chautauqua and no one can afford to miss it. The Hruby orchestra is a splendid organization heard everywhere with delight and profit. They appear twice, both afternoon and evening and they will be well worth going a long way to hear.

Then the nation-wide known and honored "Little Mother" Maude Ballington Booth, will speak in the afternoon. This little woman has a message for everyone. She is not sickly sentimental nor offensively pious but a plain, practical, sensible woman who has something everyone will surely want to hear. She has a pleasant, easy manner, a voice that will be heard readily and a manner that is at once fascinating and delightful. Her work is one which angels might envy and which few are permitted to do and her words will have weight. Many said last Sunday that the lectures that day well repaid them for their season tickets and they will no doubt say the same of Mrs. Booth's effort.

Another successful day has been scored by the chautauqua management and the public has been placed under manifold obligations for a feast of good things. First came the automobile parade and while it wasn't as large as last year it was fine in quality. An immense throng gathered to witness the passing of the cars and then hastened to the park to enjoy the program there. Again the White Hussars, with a varied repertoire of music, dialogue and elocution delighted everyone present and in the evening gave an entertainment well worth a dollar. B. H. Piepmeyer of the Illinois Highway department made a strong plea for good roads while James A. Burns, fresh from the mountains of Kentucky, won the hearts of every one by his plain recital of his life work in the blue grass state. Thos. Scott ably completed his part of the program and the day was over.

There was considerable delay in getting the afternoon program started owing to the work of distributing the prizes in the automobile parade and soliciting subscriptions for tickets but finally the program was begun.

Good Roads Movement.

The first speaker was B. H. Piepmeyer, of the Illinois Highway Department and he made an earnest plea for good roads. A short outline of both addresses is given.

"Interest in good roads has greatly increased during the past few years owing to the advent of automobiles. Many now travel long distances in their own cars and if the roads are good in any given locality the pilgrims go that way to the benefit of the people living in that vicinity. Vermilion county has voted a million and a half of bonds to be invested in 160 miles of good roads and it is said that some land along the line of the improvements has risen from \$200 an acre to \$1,000, though of that I would not say positively. The great problem is the improvement of the roads we have. Dirt roads may be bettered 100 percent if properly worked. We should take a pride in our roads and not let brush or litter remain in them. Each one should do his part but most of all we need men who understand how to grade and drain a roadway.

"The maintenance of all roads is all important and that is best done with the humble drag. Each county should own a regular steam grader and should loan or hire it to the townships at a fair price. Road oiling is also good when rightly used. Not all roads can be oiled but a part may be anyway. Oil will not make a hard road but oil and the drag will do wonders in maintaining a highway. Every bit of work intelligently done is a god investment. Millions are expended each year on the roads and often the work is done so unwisely that it is wasted. We need intelligence in the work and a public spirit that will not be daunted by minor obstacles."

In the Kentucky Mountains. The next speaker was James Burns, president of Oneida College, Oneida, Kentucky. The gentleman spoke from the heart of his own life and the grand work in which he is engaged and won a warm place in the hearts of all who heard him. He said in brief:

"This is the second largest chautauqua I have attended this year and I have been going since June 25th. The largest one I have seen is at Lincoln, Nebraska, but that is an Epworth League gathering and not a chautauqua proper.

"My home and work are in the mountains of Kentucky forty miles from the nearest railroad and it takes a mule team four days to make

the round trip. We have no money because we have no roads and we have no roads because we have no money. Freight costs us a dollar a cwt. from the railroad station and that is a fearful handicap. Our people are nearly all pure Anglo-Saxon, descendants of the heroes of the Revolution but scarcity of money and other causes have begotten a dense degree of ignorance among them. In many houses may yet be found old books used in the 18th century by persons very highly educated and could use them to advantage but now their owners are unable to read them.

"Instead of literary people you hear and think of moonshiners, feudists and the like. Many of our people are Republicans and 85 percent are Baptists of various kinds.

"I have had a life struggle to keep from being a Presbyterian and I hope to hold out to the end. My grandfather used to tell me so much of the wonderful work of John Knox in Scotland but my father was a hard shell Baptist preacher and while his denomination was the salt of the earth still they had many peculiarities. He believed in God and foreordination; that he would live no longer than his allotted time and surely that long.

"At one time he was going over the mountains and came back saying he had heard of Indians and guessed he would take his gun. My mother told him he would surely live till his time came to go and there was no need of the gun but he said he might meet an Indian whose time had come and then he would want the gun. My father was afraid to raise his boys in Kentucky so he removed to Virginia but he told us so much about his native state that we felt we belonged there. I went back to Kentucky after I was grown and found the people laboring under the curse of illiteracy and feudalism and I determined to give my life to rescuing these people from their condition. A Kentuckian is not naturally given to feuds which are precipitated by drunken men or those seeking a sensation.

The Cause of Feuds.

"At a big gathering some one will shoot a pistol or rifle in the air and then a fight is started, some one is killed and a feud begins and is kept up with bitterness for years.

"Kind friends helped me to school in Granville, Ohio, and in seven months I had found the solution to the problem, Christian education, culture and some one to leave the door a little way ajar. Then I consecrated myself and all I had to the work. I laid by plans before some of the people and with twelve men as trustees the work was begun but when it came to signing the charter not half of them could write. I faced a fearful problem with schooling before me and buildings to erect and no money. The Baker-Howard feud was at its height.

"My cousin, Tom Baker, was on trial for his life at Manchester and guarded by two companies of militia to avoid assassination but while he was talking with his wife a bullet from a Winchester rifle pierced his heart missing her an inch and he fell dead at her feet. Then and there she prayed that her unborn child might be a son to avenge his father's death and six months later when he was born he was named for his father. He was taught vengeance till ten years of age when he attended our schools and took home his testament and then his mother relented and changed her course.

"With my own hands I took two crowbars to a blacksmith and had them made into stone chisels and alone cut the stone for the foundation of our first building and alone one morning I laid the corner stone. We have kept on in faith till now we have 1,500 acres of land, several buildings and property in all worth \$100,000 but our needs are great.

"Six dollars a month pays the expenses of a student; our devoted teachers work for pitiful salaries. Among ourselves we have created other buildings often working till midnight and then sleeping on the shavings under the work benches but the feuds are no longer.

"We have all grades from kindergarten to high school; five hundred pupils when we could have five thousand could we accommodate them. We have sent out 300 teachers and established various branch schools; we have a faculty of 21 persons and teach agriculture and domestic science. We need buildings and many additions to our plant which we hope to get. A friend recently sent ten thousand dollars to pay our last indebtedness and we are on the threshold of great things could we only secure the means. We feel it incumbent on us to send out people now to solve the city problem and we shall work with faith and courage in spite of tremendous difficulties and it was full of interest."

The speaker distributed some copies of a paper published monthly at his institution.

Notes.

If Rev. W. E. Spoonst and his helpers could have heard one tenth of the compliments paid their car decorated with both ornamental articles and best of all with twenty-four children they would have felt that their work was not in vain. The car was universally admired and received any number of commendations.

President Burns was surely a southerner and manifested it by his speech and his warm heart and plain honest story won the hearts of all who heard him.

The drinking fountain supplied with Gravel Springs water is well patronized and the arrangements are excellent.

The unusual number of autos and horse rigs are doing much damage to the grass in the park but the place is for the people and the grass will grow again, it is hoped.

CLYDE IVEY KILLED SELF WHEN GIRL REFUSED REQUEST

Asked Her to Come From House to Talk to Him—Funeral in Virginia Today—Other Cass County News.

Virginia, Ill., Aug. 23—Relatives and friends in this city received the sad news of the death of Clyde Ivey of Athens, Ill., last evening at 10 o'clock. He had attended the skating ring earlier in the evening and had seemed in the usual spirits on his way home he called to a neighbor girl to come out doors as he wanted to talk to her. She answered him by saying for him to come in if he wanted to talk to her. Declining to go in, he went on to his home, going at once to his room. In just a few minutes the report of a gunshot was heard and the members of the family rushed in to find that he had used the gun to take his own life. The entire top of his head was blown off.

Clyde Ivey was born in this city June 17th, 1896, and has resided here the greater part of his life. He is survived by his parents, Mr. and Mrs. Edward Ivey, two brothers, Clarence (his twin brother), Howard, at present with the national guards stationed at Fort Sam Houston, Tex., and one sister, Zella, his grandparents, Mr. and Mrs. I. N. Ivey of this city and many other relatives.

He had followed the occupation of a chauffeur for the past two years. Had until a month ago been employed at the Beard & Winkle Garage in this city. On leaving this city he had enlisted in the navy and upon examination had been rejected on account of a slightly deformed foot, been rejected by the navy in two this being the second time he had years. The remains arrived in this city over the B. & O. Wednesday evening and were conveyed to the residence of his grandparents.

The funeral will be held Thursday, at 3 o'clock at the Presbyterian church conducted by Rev. Max B. Wiles, burial in Walnut Ridge cemetery.

Mr. and Mrs. Edward Chamberlain and daughters, Misses Trenna and Irma of Dow City, Iowa, are the guests of Mrs. Chamberlain's mother, Mrs. Geo. Henderson and other relatives, being called here by the death of Mr. Chamberlain's stepfather, the late E. D. C. Woodward.

John Leffler of Germany neighborhood was taken to a Springfield hospital last evening for an operation for relief of appendicitis.

Mr. and Mrs. W. L. Shanklin of Anamosa, Iowa, are the guests of friends and relatives in and near this city.

Mrs. Louise Krone of Chapin who has been visiting her son, Edward Krone and family, left for a visit with Beardstown relatives.

Mr. and Mrs. Fred Rudisil are making preparations to leave for Kansas, where they expect to reside.

Mrs. Karl Smith returned home Sunday evening from a two weeks' visit with her parents, Mr. and Mrs. W. T. Trimble of Girard.

The East Side Garage has been reopened this week, with John Hughes as manager.

Miss Ruth Reitzel of Sylvan is the guest of Mrs. W. H. Beard.

Miss Ida Belle Watkins of Philadelphia is spending the week with her grandparents, Mr. and Mrs. Frank Redding.

Bruce Green of Ashland was a business visitor in this city Wednesday.

Lee May moved to this city Tuesday and will occupy the Mrs. Dr. Humphrey residence.

Mr. Ham Morris is moving from this city to the farm owned by Mr. John C. Chitticks.

The Royal Neighbors lodge of this city held their regular meeting Friday evening and three new members were added, Mrs. Anna DeFries, Mrs. Bertha Bumgardner and Mrs. Gertrude White.

Mr. and Mrs. Wm. Pettit residing about 7 miles east of this city left

Monday for a visit to their old home in Virginia. It is their first visit home in 45 years.

The once silent lawn mower is again heard, since the recent rains the grass is growing nicely where a few weeks ago it was parched brown and apparently dead.

MUST CUT DOWN PAPER WASTE
Because of the scarcity and high cost of paper, one of the leading hotel in New York has announced that it will reduce the size of its menu cards, beginning September 1. Other hotels are expected to adopt the same course. The hotels which have taken the first step will distribute less stationery to its patrons in the future. Those wishing to write letters in the writing room will be required to apply to the desk for paper and envelopes. This is intended to discourage those not guests from using the hotel stationery.

Your Physician will recommend pure Drinking Water. Electro Pure Water, 5 gallons, 20c delivered.

ANNOUNCEMENT.
I hereby announce my withdrawal from the race for nomination for the office of coroner, subject to the decision of the Democratic voters. My business affairs are absorbing all my time and I have no leisure to devote to the campaign. I thank my friends for assurances of support given me.

RALPH I. DUNLAP RETURNS FROM VACATION TRIP

Spent Several Weeks in Beautiful Lake McDonald Country.

Ralph I. Dunlap, post master has returned to Jacksonville after a vacation visit in Glacier National Park, in Montana. Mr. Dunlap has been with Mr. and Mrs. L. O. Vaughn and others in camp near Lake McDonald, where a number of Jacksonville people have enjoyed summer outings in years past. It was only a few years ago that the area now comprising the Glacier National Park was designated a park, but some work of development has begun. It is the intention, of course, to leave the land in its natural state but roadways and drives will be constructed. It is 55 miles across one part of the park, so that some idea of its general extent can be understood. There are a great many deer, bears and other wild animals in the park, especially since it has been made unlawful to kill them, but very few are of a ferocious or dangerous type.

The country abounds in small lakes and excellent fishing is afforded. The campers spend part of their time fishing and the remainder in making long tramps of investigation into the wooded mountainous country. The scenery and conditions are such that each day's tramp furnishes some new pleasure and the weeks of a vacation in Lake McDonald country pass very quickly. Mr. and Mrs. Vaughn, who have been there since early in July, expect to remain a few weeks longer before returning to Jacksonville. Others in the camp have been Dr. and Mrs. George Shambaugh and sons of Chicago, Miss Louise Capps of this city, and Prof. Shambaugh of Iowa State University. There are camping parties scattered at points all thru the park and the district promises to be one of the most popular in the northwest for vacation travelers.

MR. COCKING COMPLETES STATE AID OILING WORK

W. H. Cocking returned Wednesday morning from Taylorville where he completed the Christian county state aid oiling work. This was the first state aid oiling project to be finished and consisted of a three mile stretch just out of Taylorville. Mr. Cocking has just closed a contract for four miles of state aid work in Marshall county near Sparlin. This will be done during the first part of September.

Today Mr. Cocking will leave for Winchester to oil the city square.

AUTOMOBILE PARADE AT CHAUTAUQUA GOOD ROADS DAY

Cars Form In Line at Illinois College and Are Inspected By Large Crowds In Business District—W. S. Ehnie Winner of Sweepstakes.

The events of good roads day at the Chautauqua Wednesday were opened by an automobile parade which left Illinois College hill at 1:30 o'clock and went to the grounds by a route which led twice thru the business district, where hundreds had assembled to see the spectacle.

The committee had worked hard in preparation for the event and the parade had been extensively advertised. The fact that entries were much fewer than was the case in the successful parade of last year, was the cause of considerable regret.

The decorated cars showed much skill and beauty of design and in the case of some, very pretty effects were secured at small expense. The procession was headed by cars in which rode the chief of police and the city commissioners.

Automobile Awards.
W. S. Ehnie with his White gas car took the sweepstakes prize and first in Class A, \$50.00, and G. A. Sieber with a Ford took second, \$10.00.

Miss Mabel Cowdin of Chapin, took first in Class B, non-resident. She had a Hupmobile and took the \$25 prize. Charles S. Black with his Reo took second, \$10 in Class B. The Anti-Tuberculosis society took first in class C organizations, \$25. G. A. Sieber took second in class C with an auto truck. Harlan Williamson took prize of a fender for best decorated Buick, C. F. Ehnie took four tire jacks, prize for best decorated White gas car. C. S. Black took five gallons of oil from J. W. Skinner for best decorated Reo. Then came the drawing and Platform Manager Dial took little eight year old Lawrence Smith of North Fayette street, blindfolded him and had him draw the numbers from a hat. Mrs. John Lambert of Pine street took the one awarded to number 187, \$10. Allen Smith, holder of No. 172 took the \$5. He drove the National car entered by the Anti-Tuberculosis society. Samuel Darley had number 172 and got the 20 pounds lard given by the Jacksonville Racking company. D. E. Kennedy in a Maxwell took the \$20.00 awarded number 179 and Mrs. C. N. Priest took the \$1.00 given number 184. G. A. Sieber took the five gallons of oil given the best decorated Ford car. A. T. Cassell was the only one who competed for the best decorated Hudson car and won the prize.

The following are the cars that were entered in the parade:

Miss Mabel Cowdin—Decorations of Jack roses on background of white, surmounted with large pink plume. In the car with Miss Cowdin were Angie Joy, Ruth French, Zoe Marshall, Joyce Lanner, Ursula Brookhouse and Louise Jackson.

W. E. Spoonstons—Decorated as church with white, green and gold. The car was filled with children and attracted much attention for novelty and originality.

Clyde Black—Red, white and blue.

C. A. Sieber truck—Green and white.

Paul Samuel—Political advertisement.

Hogan, Motorcycle policeman—U. S. flags.

Thomas Barber—National colors in bunting and American flag.

William S. Ehnie—Neutral, with American flag.

Geraldine Sieber—White decorations with merigold and asparagus trimmings.

Harlan Williamson—Decorations of white and yellow. In the rear of the car was a large yellow tump in which was a small boy. A large outterly was suspended in front of the car.

Dr. A. L. Adams—Decorations advertising the Anti-Tuberculosis society.

C. H. Patrick—Decorations of American flags.

J. F. Claus, D. E. Kennedy, H. J. Rice, Mrs. G. B. Andre, Samuel Darley, Miss Pauline McMurphy, Julius G. Strawn, Mrs. P. G. Stein, also were in the parade but did not have their cars decorated. A number of others fell in line after the parade started.

This, Then, is the Reason Why

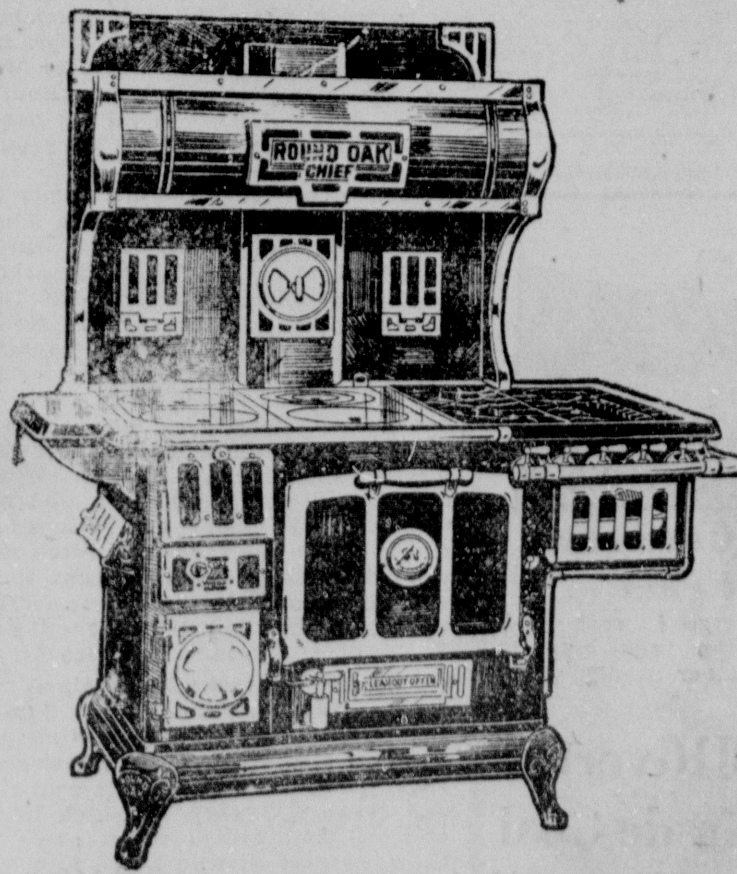

some wonder why we go to such trouble and expense to demonstrate a new specialty May we tell you?

- 1st. The value of any article is measured by the service it renders in use.
- 2nd. When we discover an article, perfected, patented, stronger, in service giving than what we already have, we want it.
- 3rd. In order to prove or show you this added service, we must demonstrate it.
- 4th. When we prove our claim, then you want it.
- 5th. When you get it and use it, you are better pleased and consequently a better customer and friend of the store.

That's why we exploit the better merchandise.
